Metal Thailand 2024

2024.9.18-9.20 BITEC, Thailand

Registration NOW OPEN for METAL THAILAND 2024

--New Opportunities, New Momentum--

Green, Intelligent, Sustainable--In order to build a trade and investment bridge between Chinese and Thai and the Southeast Asian metalcasting and manufacturing related enterprises, **China Foundry Association**, together with **Confederation of Chinese Metalforming Industry**, **China Heat Treatment Association**, **China Welding Association**, will hold the "METAL THAILAND 2024" exhibition at BITEC in Bangkok, Thailand, from September 18 to 20, 2024.

Registration is open! **Register now.** http://taiguo.cfa.123expo.net/wssen/visit/Reg_01.aspx

Thailand is an important destination for Chinese foundry enterprises to invest. Metal Thailand 2024 will bring together more than 200 Chinese and international exhibitors to participate in, covering four major themes: casting, forging, heat treatment, welding, etc. The exhibition will focus on showcasing advanced production technologies, high-end metal products, green and environmentally friendly materials, intelligent manufacturing equipment and solutions in the field of mechanical manufacturing basic processes, aiming to create a professional event in the entire industry chain of Southeast Asian manufacturing.

HIGHLIGHTS

➤ Hosted by 4 national industry associations

China Foundry Association

Confederation of Chinese Metalforming Industry

China Heat Treatment Association

China Welding Association

➤ 10+ international organizations support

- **200+ exhibitors linking the whole manufacturing industrial chain**
- **10+ Asian machinery organizations participation**
- **10+ Thai machinery organizations support and participation**
-Automobiles, motorcycles, agricultural machinery, mining and heavy machinery, municipal construction, industry organizations, government, universities, research institutions, media, etc..
- **6th Asia Foundry Forum and the 3rd Annual Conference of Asia Foundry Association**
- **On-site visits and in-depth investigations (Thailand, Vietnam, Indonesia, Malaysia)**

METAL THAILAND 2024 Press Conference and

On-site Signing Ceremony Held

On July 6, 2024, the Metal Thailand 2024 press conference was successfully held during METAL CHINA and Diecasting China 2024. METAL THAILAND 2024 will be held from September 18-20, 2024 at the BITEC in Bangkok, Thailand.

The press conference was chaired by Mr. Cao Linfeng, Deputy Secretary General of China Foundry Association, Mr. Zhang Libo, Vice President of China Machinery Industry Federation and President of China Foundry Association, and Mr. Chuchai, President of Thailand Foundry Association, Mr. Wang Dongsheng, Executive Vice President and Secretary General of China Foundry Association, Mr. Gao Wei, Executive Vice President of China Foundry Association, Mr. Ma Hongru, Chief Economist of China Foundry Association, and representatives of exhibitors including Handan Zhongang New Material, Jiangsu Tiho Machinery, Nanjing Changjiang Industrial Furnace, Yonghong Machinery, Thailand PINE Pacific, Shandong Rongtai, Shandong Yongchuang Material, Huizhou Jibang Precision Casting attended the conference, and Mr. Bo Xiangjun, Chairman of Meide Thai Steel Pipe Fittings Co., Ltd., Mr. Wu Yongchun, General Manager of Tengfei Alloy Materials (Thailand) Co., Ltd., etc. attended the conference online.

Take the Metal Thailand exhibition as a medium, China Foundry Association and Thailand Foundry Association will further deepen friendship and cooperation, and promote more fruitful achievements in the field of foundry between China and Thailand.

NEW OPPORTUNITIES, NEW MOMENTUM

METAL THAILAND 2024 HIGHLIGHTS

- Sponsored by **4** national-level industry organizations
- **200+** exhibitors linking the whole manufacturing industrial chain
Casting, diecasting, non-ferrous, heat treatment, machine tools, intelligent, automated technology, forging, welding equipment.
- **10+** Asian machinery organizations participation

- **10+** Thai machinery organizations support and participation

Automobiles, motorcycles, agricultural machinery, mining and heavy machinery, municipal construction, government, industry organizations, universities, research institutions, media, etc..

- 6th Asia Foundry Forum and the 3rd Annual Conference of Asia Foundry Association
- Seminars and plant visits

METAL THAILAND 2019 SUMMARY

- **200+** Exhibitors
- **12,148** Visitors from 21 countries & regions
- **12** Concurrent programs
- Plant visits
